ACHAP

Health and Healing for all

Dear Friends and Partners,

RE: END OF TERM AND HANDOVER

Following the successful outcome of the just-ended ACHAP Biennial Conference, a new ACHAP Board has been reconstituted under the leadership of a newly elected Chairman- Dr Djékadoum Ndilta effective 15th July 2022.

It has been a distinct honour and high privilege to have served the ACHAP family between from March 2017- July 2022. With your kind support and impactful development partnership, ACHAP is now more:

1. Visible as a trusted Faith-based Actor/Stakeholder in the health landscape in sub-Saharan Africa
2. Vibrant ACHAP Secretariat infrastructure under the leadership of a capable CEO/Coordinator and competent team of technical staff
3. Optimistic in outlook for sustainable growth and development of Christian Health Associations and Networks in sub-Saharan Africa.

As we pray and work for a better, united and resilient ACHAP family, I solicit your continuing dedicated patronage and active support to the new Board and entire ACHAP family at community, country and continental levels.

God bless you all!
